Join a Luxury Boutique Design Firm That Feels Like Home

Catherine Marrano Interiors is seeking a talented, highly organized, and driven Senior Interior Designer to support the Owner + Principal Designer in creating exceptional, personalized homes for discerning clients.

This is an opportunity for a designer who loves both the creative and operational sides of residential design. We're looking for someone who can confidently lead portions of projects, communicate professionally with clients and vendors, and isn't afraid to roll up their sleeves when installation day arrives.

We are building more than beautiful homes—we are building a team.

If you're looking for a place to call home, thrive in a fast-paced environment, and want to grow alongside a boutique luxury design firm where your contributions truly matter, we'd love to meet you.

Who You Are

We're searching for a designer who is passionate about creating beautiful homes and meaningful client experiences.

- Leads with humility, takes ownership, and jumps in wherever needed

- Can pivot quickly and comfortably wear many hats
- Remains calm and solution-focused under pressure
- Is passionate about luxury residential design
- Understands that no task is beneath them when delivering an exceptional client experience

We're looking for someone who is equally comfortable presenting design concepts to clients, coordinating project details behind the scenes, and helping unpack accessories for installation day. They understand that creating exceptional homes requires both creativity and teamwork—and they find value in every part of the process.
